### The BPI BEGINNINGS WERE HUMBLE

The BPI Sale grew from Western Maryland Forage Only Test sale. A silent auction was held & bucks from the top 10 finalists were offered. Many great test bucks were sold that way. The goats were often in very poor condition after the test. They weren't cleaned up prior to the sale & usually were gaunt. Doellings were offered, but the event had opportunity to grow. To improve the sale & highlight tested genetics, John Smith of VA & others produced a sale event to offer test bucks & related does in VA for 1 year. That year 15% of the goats had died at the test & the remaining bucks were generally in poor condition. Nice does were offered & the event spawned the first Bluegrass Performance Invitational the next year, organized by Jarred and Deidra Dennison.

The Dennison's did an excellent job of establishing the sale & extremely high-quality goats have been offered. The sale was well run & always has a positive vibe, as the consignors share the common experience of enduring the tests with their goats.

In 2017, Jarred & Deidra handed over the BPI reins to 4 fellow Performance Test consignors. Pat Larr, Wes & Bev Pinneo, PJ Murphy and Jim & Angie Loos. All these host farms have produced successful performance tested stock for many years and are intent on continuing the BPI with a continued focus on Performance.
